## KEY CLIENTS

- Seminet.
- Lawrence Livermore National Laboratory
- Fictiv.

---

## PAST PERFORMANCE

### Seminet:

We built 4,000 precision parts for their industrial semiconductor machines. We met their deadline and exceeded all expectations.

### Lawrence Livermore National Lab:

Our company produces over 1000 Assembly products for this company annually.

**Fictiv:** We have completed multiple assemblies for this this company including a variety of different parts/packages.

## BIO

### Adrian Rivera **President**

Mr. Rivera has been in the Machining industry for over 20 years, his extensive background in the trade has led him mastering Machining and all the capabilities surrounding it. Mr. Rivera has one goal in this industry, and it is producing the highest quality products at the most affordable price.

Specializes in strategic planning, systems thinking, team development.
